

Complete Solutions for Industrial Valves

About Neway

Neway is a global valve manufacturer committed to the R&D, production, and sales of high-quality industrial valves. Our product includes gate, globe, check, ball, butterfly, subsea and safety valves, as well as well-head equipment. Our valves serve a wide range of industries, including Oil & Gas, Refining, Chemical/Petrochemical, Pipeline, LNG, On/Offshore Exploration & Production, Shipbuilding, Power, and Renewable/Green Energy sectors.

With our in-house, vertically-integrated R&D center, forging/casting plants, and production/assembly bases, Neway oversees full end-to-end operational control. This ensures a robust supply chain, rigorous quality control standards, and competitive pricing/delivery options. Approximately 4,400 employees all over the world strive to provide Neway's superior products and excellent service to our customers.

Neway Factory

Neway adopts the group multi-factory management model and has one major valve assembly plant in China with 230,000m² coverage , one API 6A valve plant, three casting foundries, one forging factory and new plant for Butterfly valve. Neway also has a joint venture factory in Saudi Arabia.

R&D

In order to meet the application requirements of valves in different fields, Neway applies advanced software (ANSYS, FE-SAFE, MathCAD, Autodesk Simulation CFD, Foxpro, NX, etc.) for product research and development, and has established professional material laboratory and special engineering test, which can simulate various extreme conditions and lay a solid foundation for the research and development of high-end valves.

Factory Capability

Neway owns high-tech facilities to ensure high precision and high performance of the engineering valves. Such as MAZAK CNC, HVOF Equipment, Automatic Welding Robot, Integrated Machining & Grinding equipment for TOV valve, three coordinate measuring machine etc.

Quality Guarantee

Neway is dedicated to continuous improvement. We maintain a quality management system that encompasses our entire operation from order entry to final inspection. Through continuous efforts, Neway's products have successfully obtained industry certifications, including ASME UV & NB, NBBI, KGS, CE, CCS, and BV approvals.

Certificates

(including but not limited to the following certificates)

- ABS Low Temperature Type Approval Certificate
- Classification Society Cert. of CCS /ABS/ BV/ DNV/ LR/ NK/ KR/ RINA
- Fugitive Emissions Cert. of Valve (ISO 15848-1/ TA-Luft)
- Fire Safe Cert. of Butterfly / Ball / Gate / Globe etc.

the Bronze Certification
by EcoVadis

Environmental, Social & Governance
(ESG) Certification

Shipbuilding

With decades of marine-focused engineering expertise, Neway delivers high-performance solutions for global shipbuilding and offshore projects. Our lightweight, compact product portfolio includes cryogenic, subsea and ultra-high-pressure valves, fully type-approved by ABS, CCS, DNV and other leading classification societies.

Our products are widely applied in LNG carriers, chemical tankers and various fuel supply system for ships. With reliable sealing performance and long service life, Neway advances smart, sustainable shipping, ensuring safety and reliability for every voyage.

Product Range

Triple Offset Butterfly Valve		
Size(IN)	Pressure Range(CLASS)	Temperature Range
4"-36"	150-600	-196°C-400°C

Double Offset Butterfly Valve		
Size(IN)	Pressure Range(CLASS)	Temperature Range
4"-12"	150	-196°C-150°C

Trunnion Mounted Ball Valve		
Size(IN)	Pressure Range(CLASS)	Temperature Range
0.5"-20"	150-1500	-196°C-150°C

Floating Ball Valve		
Size(IN)	Pressure Range(CLASS)	Temperature Range
0.5"-8"	150-2500	-196°C-150°C

Gate, Globe, Check Valve		
Size(IN)	Pressure Range(CLASS)	Temperature Range
0.5"-24"	25-2500	-196°C-400°C

Axial Flow Check Valve		
Size(IN)	Pressure Range(CLASS)	Temperature Range
3"-24"	150-600	-196°C-150°C
